Excursion Management Plan - 2025

What to expect on the day

- Your bus should arrive at the museum as close to 10am as possible. Bus parking is on Williams Street past the big green gates. Look for the School Bus Parking Bay signage.
- Once students have all alighted from the vehicle the group will enter the village through the big green gates and gather at the post office for orientation. (5 mins)
- Next the students can have morning recess on the undercover train platform, take time to visit the toilet if necessary and then we will finalise the groups.
- Bags are stowed in the waiting room on the station platform during the tour. The door can be locked on the request of teachers. Food and drink should not be consumed inside the buildings.
- Tour will begin by 10:30am. **Please note the start time as late arrival will result in activity time being reduced accordingly.**
- On a guided tour students will be divided into groups of approx. 10 students per group. The maximum number of groups for guided tours is six. Self-guided tours are divided into groups at the discretion of the teacher. All tours require an adult to student ratio of 1:6.
- On the completion of the tour, you are welcome to eat lunch back at the station, however we are not equipped to cater for children to have playtime within the museum. We recommend visiting Stirk Park for this purpose.
- If you have requested to include the shop activity, this will be done at the end of the tour, before or during lunch.
- At the village we tend to experience extremes in the weather. So, if it is a cold day, extra warm clothing is recommended. Gum boots and umbrellas are good choices if it is wet. Similarly, sun hats, cool clothing, sunscreen, and water are necessities in the hot summer.

Supervisor/supervisory team

Student supervision is the responsibility of the school throughout your visit to the Village. School groups must be supervised by a lead teacher, with supplementary supervision support provided with the **adult to student ratio of 1:6 as a minimum**. The supervisory team must accompany students throughout the excursion, actively monitor behaviour and intervene as necessary to ensure the safety of the group.

Identification of excursion participants

To help staff and volunteers engage with the students and adults on tour we ask that all students and staff wear name tags. We understand this is against some school's policies and respect that decision.

We follow the City of Kalamunda's Child Safeguarding Policy and advocate for safeguarding measures at our facility. Our Staff and Volunteers value and respect children and young people's identity and culture and are comfortable and skilled in engaging with them.

First aid

Kalamunda History Village Staff hold current senior first-aid certificates. It remains the responsibility of the school to provide first aid to their students. Our staff will assist if possible. A first aid kit is available at Ellis Cottage (Office). Should any of your students need medical attention, please ensure the remainder of the group is appropriately supervised.

Emergency response plan

In the event of an emergency, it is essential that all school visitors take directions from Kalamunda History Village Staff who will identify themselves during the site introduction prior to commencing tour and by wearing white or red hats/vests saying Chief warden or warden if evacuation is essential.

If evacuation is necessary, all visitors will be assembled at a designated safe area. Teachers are required to do a roll call and must immediately notify Village staff if any students are missing.

It is suggested that school supervisory teams should always have a list of names of participating students with them, including contact telephone numbers, student medical information and relevant health information of supervisors.

Student numbers

Please confirm student numbers **no later than 14 days prior** to your excursion date.

Schools will be invoiced after the excursion and are only charged for the students who attend on the day*.
